Boom Cleanout

Direct Injection

BoomTrac Pro

Wheel Motor Shields

Crop Shields

## 1 Boom Cleanout

Mount this attachment on the ends of each boom section, then open to flush the system and avoid any clogging.

**BN400413** 4940 Sprayer  
**BN202517** 4730, 4830, 4930 Sprayers

## 2 BoomTrac Pro™

Increase application accuracy and minimise spray drift and skips with the help of this boom height-sensing software that responds to ground contour changes. Five-sensor system recommended for 36.6 m (120-foot) boom or severe applications. Three-sensor system is for relatively flat to gently rolling terrain.

**BN202556** 4730, 4830 Sprayers  
**BN202557** 4730, 4830 Sprayers

## 3 Direct Injection

Accurately inject chemicals into the carrier flow without having to mix them in the solution tank. No more rinsing the tank in between chemicals either.

**BN400717** Direct Injection 2 50 Gal Additional Tank / 4940  
**BN400718** Direct Injection Tank Kit, 2 50 Gal Tanks / 4940  
**BN401128** Direct Injection Tank Kit, 50 Gal Tanks (2) / R4045, R4030- R4038  
**BN401441** Direct Injection System, 1 HV Pump (2 Tanks) / 4940  
**BN401440** Direct Injection System, 1 HV Pump (1 Tank) / 4940  
**BN401442** Direct Injection System, 2 HV Pump (2 Tanks) / 4940  
**BN401133** Direct Injection System, 1 HV Pump / R4045  
**BN401134** Direct Injection System, 2 HV Pump / R4045

## 4 Wheel Motor Shields

These shields help keep the crop and mud away from the inside of the wheel motor for easier cleaning and added protection from field debris.

**BN202605** 4720, 4730 4830 Sprayers

## 5 Crop Shields

Strong, durable, polyethylene wheel shields are available for 320, 380 and 420 tyres to help prevent damage to bushy crops.

**BN202600** 4710, 4730, 4830 Sprayers

## Add More Convenience

### Steering-toe Counterbalance Valve Kit

Prevent the front steering wheels from coming out of alignment in excessively rough or uneven field conditions.

**BN202481** 4730, 4830 Sprayers

### Flotation Fenders (4)

Large, full-cover, rubber fenders help prevent mud and crop debris from being thrown onto the machine and operator station.

**BN400407** 4940 Sprayer

### Chemical Eductors

This attachment lets you conveniently add and mix chemicals in your tank from the ground.

**BN202396** 4720, 4730, 4830 Sprayers

## Add More Versatility

### 61 cm (24 in.) Long Hose Drops (5)

A proven way to dramatically reduce drift. Nozzles hang 61 cm (24 in.) from mounting brackets placed on the boom frame, and provide accurate placement of spray between the rows or into the crop.

**BN202288** 4730, 4830, 4930 4940 Sprayers

### Fence Row Nozzles

Increase your spraying coverage along fencerows. Get an extra 5 m (16.5 ft.) with just a flip of a switch.

**BN202541** 4730, 4830 Sprayers
